

From Vail, Colorado Fire & Emergency Services:
Dear Mr. Gomez,

Vail Fire & Emergency Services has reviewed the literature and the published test results for Thermocrete. Vail Fire & Emergency Services has approved the use of Thermocrete as a re-liner / sealer for existing Class A chimney flues, subject to the listings and conditions as noted in the Intertek Testing Service Report J99001572-231.

Such approval is not intended to constitute a recommendation or endorsement. All applications within the Town of Vail will require a permit and are subject to inspection.

Please contact us if we may be of assistance or clarify an issue(s) or questions(s).

Sincerely,

Michael McGee
Deputy Chief / Fire Marshall
